## Introduction

---

HealthPlus of Michigan, Inc.  
2050 South Linden Road  
P. O. Box 1700  
Flint, MI 48501-1700

This brochure describes the benefits of HealthPlus of Michigan under our contract (CS 2712) with the Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits law. This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled for Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2002, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2002, and changes are summarized on page 8. Rates are shown at the end of this brochure.

---

## Plain Language

---

Teams of Government and health plans' staff worked on all FEHB brochures to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, "you" means the enrollee or family member; "we" means HealthPlus of Michigan.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM's "Rate Us" feedback area at [www.opm.gov/insure](http://www.opm.gov/insure) or e-mail OPM at [fehwebcomments@opm.gov](mailto:fehwebcomments@opm.gov). You may also write to OPM at the Office of Personnel Management, Office of Insurance Planning and Evaluation Division, 1900 E Street, NW, Washington, DC 20415-3650.

## Inspector General Advisory

---

### Stop health care fraud!

Fraud increases the cost of health care for everyone. If you suspect that a physician, pharmacy, or hospital has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:

- Call the provider and ask for an explanation. There may be an error.
- If the provider does not resolve the matter, call us at (800) 332-9161 and explain the situation.
- If we do not resolve the issue, call or write:

**THE HEALTH CARE FRAUD HOTLINE  
202/418-3300**

The United States Office of Personnel Management  
Office of the Inspector General Fraud Hotline  
1900 E Street, NW, Room 6400  
Washington, DC 20415

### Penalties for Fraud

Anyone who falsifies a claim to obtain FEHB Program benefits can be prosecuted for fraud. Also, the Inspector General may investigate anyone who uses an ID card if the person tries to obtain services for someone who is not an eligible family member, or is no longer enrolled in the Plan and tries to obtain benefits. Your agency may also take administrative action against you.

## Section 1. Facts about this HMO plan

---

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You only pay the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

**You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.**

### How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your copayments.

### Who provides my healthcare

Each family member that is covered by HealthPlus must choose a Primary Care Physician from the Provider Directory (parents are expected to select for their children). This list includes more than 1,000 doctors who specialize in Family Practice, Internal Medicine, or Pediatrics. The listing for each Primary Care Physician also shows a "primary hospital." This is the hospital where your Primary Care Physician will direct you for hospital services in most instances. When you select a Primary Care Physician, you also are agreeing to use the hospital listed.

The Primary Care Physician you choose will coordinate your overall medical care, including arranging for hospital admissions or care by a specialist when medically necessary with the following exception: a woman may see her Plan gynecologist for her annual routine examination without a referral.

HealthPlus strives to keep the Provider Directory as up-to-date as possible. However, information may change after the Directory has been printed. If the physician you select is no longer accepting patients, please select another. You may want to call the physician you have chosen prior to calling the HealthPlus Customer Department at (800) 332-9161 with your selection. You must notify HealthPlus before receiving covered services from the new Primary Care Physician.

## Your Rights

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB website ([www.opm.gov/insure](http://www.opm.gov/insure)) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- HealthPlus service area
- HealthPlus Subscriber Contract
  - Covered benefits, including prescription drug coverage
  - Description of emergency health coverages and benefits
  - Out-of-area coverage and benefits
  - An explanation for copayments and any other out-of-pocket expense
- Continuity of treatment
  - Arrange for the continuation of treatment by that provider; or
  - Assist the member in selecting a new provider
- Additional information
  - Provider information
  - Physician credentials
  - Physician status/discipline
  - Specific benefits
  - Financial arrangement with physicians
  - Who to contact
- Years in existence
- Profit status

If you want more information about us, call (800) 332-9161, or write to our Customer Service Department at: 2050 South Linden Road, P.O. Box 1700, Flint Michigan 48501-1700 . You may also contact us by fax at (810) 230-2093 or visit our website at [www.healthplus.com](http://www.healthplus.com).

## Service Area

To enroll in this plan, you must live in our Service Area. This is where our providers practice.

Our service area is: All of Arenac (except Moffat and Clayton Township), Bay, Genesee, Lapeer, Livingston, Saginaw, Shiawassee, and Tuscola Counties in Michigan.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area, you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. Eligible college students are covered for emergency illnesses or injuries that occur when they are out of the service area. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

---

## Section 2. How we change for 2002

---

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

### **Program-wide changes**

- We changed speech therapy benefits by removing the requirement that services must be required to restore functional speech. (Section 5(a))

### **Changes to this Plan**

- Your share of the non-Postal premium will increase by 14.1% for Self Only or 14.2% for Self and Family.
- We no longer limit total blood cholesterol test to certain age groups. (Section 5(a))
- We now cover certain intestinal transplants. (Section 5(b))
- We changed the address for sending disputed claims to OPM. (Section 8)

---

## Section 3. How you get care

---

### Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at (800) 332-9161.

### Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments and you will not have to file claims.

#### • Plan providers

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards. Participating providers strive to provide quality health care consistent with recognized medical standards, HealthPlus policy, and your subscriber benefits. Health care services must be obtained through, or under the direction of, your Primary Care Physician. He or she will coordinate your health care and, when medically necessary, refer you to a specialist from our network of health care providers. Your role is to always work with your Primary Care Physician for your health care needs. The selection of your Primary Care Physician is the key to obtaining the benefits available to you.

We list Plan providers in the provider directory, which we update periodically. The list is also on our website. The HealthPlus Provider Directory is a convenient reference that lists independent primary physicians, specialist physicians, and other health care providers who have agreed to provide services to HealthPlus members. This directory will assist you in the selection of a Primary Care Physician for you and each member of your family.

#### • Plan facilities

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website.

### What you must do to get covered care

Each family member that is covered by us must choose a Primary Care Physician from the Provider Directory (parents are expected to select for their children). This list includes doctors who specialize in Family Practice, Internal Medicine, or Pediatrics. The listing for each Primary Care Physician also shows a “primary hospital.” This is the hospital where your Primary Care Physician will direct you for hospital services in most instances. When you select a Primary Care Physician you are also agreeing to use the hospital listed. The Primary Care Physician you choose will coordinate your overall medical care, including arranging for hospital admissions or care by a specialist when medically necessary. HealthPlus strives to keep the Provider Directory as up-to-date as possible. However, information may change after the Directory has been printed. If the Physician you select is no longer accepting patients, please select another. You may want to call the physician you have chosen prior to calling our

Customer Service Department at (800) 332-9161 with your selection. You must notify us before receiving covered services from the new Primary Care Physician.

● **Primary care**

Your Primary Care Physician can be a family practitioner, internist or pediatrician. Your Primary Care Physician will provide most of your health care, or give you a referral to see a specialist.

If you want to change Primary Care Physician or if Primary Care Physician leaves the Plan, call us. We will help you select a new one.

● **Specialty care**

Your Primary Care Physician will refer you to a specialist for needed care. When you receive a referral from your Primary Care Physician, you must return to the Primary Care Physician after the consultation, unless your Primary Care Physician authorized a certain number of visits without additional referrals. Your Primary Care Physician must provide or authorize all follow-up care. Do not go to the specialist for return visits unless your Primary Care Physician gives you a referral.

Here are other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your Primary Care Physician will work with specialist and us to develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your Primary Care Physician will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, talk to your Primary Care Physician. Your Primary Care Physician will decide what treatment you need. If he or she decides to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.
- If you are seeing a specialist and your specialist leaves the Plan, call your Primary Care Physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic or disabling condition and lose access to your specialist because we:
  - terminate our contract with your specialist for other than cause; or
  - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan; or
  - reduce our service area and you enroll in another FEHB Plan, you may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

● **Hospital care**

Your Plan Primary Care Physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are in the hospital when your enrollment in our Plan begins, call our Customer Service Department immediately at (800) 332-9161. If you are new to the FEHB Program, we will arrange for you to receive care.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the hospital benefits of the hospitalized person.

**Circumstances beyond our control**

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

**Services requiring our prior approval**

Your Primary Care Physician has authority to refer you for most services. For certain services, however, your physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice.

Your Primary Care Physician or specialist, to whom you have been appropriately referred, is responsible for coordinating any necessary hospitalizations. Scheduled admissions require advance authorization from HealthPlus. Emergency admissions require notification of HealthPlus within 24 hours, or as soon thereafter as possible. Authorization occurs when we approve the admission and issue a complete authorization number to the hospital. The telephone number to call is on the back of your identification card.

---

## Section 4. Your costs for covered services

---

You must share the cost of some services. You are responsible for:

- **Copayments**

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive services.

Example: When you see your primary care physician you pay a copayment of \$10 per office visit and when you go in the hospital, you pay nothing per admission.

- **Deductible**

A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. We have no deductible.

NOTE: If you change plans during open season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

- **Coinsurance**

Coinsurance is the percentage of our negotiated fee that you must pay for your care. We have no coinsurance.

**Your catastrophic protection  
out-of-pocket maximum**

We do not have an out-of-pocket maximum.

### What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

---

### What to do in case of emergency:

**Emergencies within our service area:** Members are covered for treatment when a true emergency exists. If you are in doubt of the seriousness of the medical condition and have time to call your Primary Care Physician, you should do so. If your physician feels that the problem requires immediate attention, he or she will direct your treatment. Please note: Emergency health services rendered by a participating provider within our service area are covered. Also, services will be covered if they are rendered by a non-affiliated provider because an emergency prevents you from receiving services from a participating provider.

**Emergencies outside our service area:** In case of an emergency when you are out of the HealthPlus service area, we provide coverage for necessary care. If your problem is too serious to wait until you return to the HealthPlus service area, go to a physician, after-hours care center, or the hospital nearest you for treatment. Emergency admissions require notification of HealthPlus within 24 hours, or as soon thereafter as possible. You may call HealthPlus 24 hours a day at the Emergency Services number on the back of your HealthPlus identification card. Please call promptly after an emergency in order to confirm coverage, ensure proper follow-up care and assure payment for covered services you receive.

---

Note: We reserve the right not to pay for non-emergency treatment received at emergency facilities. If you are hospitalized at Non-Affiliated Hospital, you may be transferred to an Affiliated Hospital upon request of your Primary Care Physician as soon as it is medically appropriate in the opinion of the attending physician. Should you, or your designee, refuse a transfer to an Affiliated Hospital, continued care provided to you at a Non-Affiliated Hospital shall not constitute covered services and shall no longer be the financial responsibility of us. Follow-up Visits to Non-Affiliated Providers of Emergency Health Services within the Service Area shall be limited to two (2) Visits within thirty (30) days of the emergency. Follow-up Visits to Non-Affiliated Providers of Emergency Health Services outside the Service Area shall be limited to two (2) Visits within thirty (30) days of the emergency, or the number of Visits specified in a treatment plan approved by us.

When you get our approval for services and follow a treatment plan we approve, cost-sharing and limitations for Plan mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

**Here are some important things to keep in mind about these benefits:**

- All benefits are subject to the definitions, limitations, and exclusions in this brochure.
- We have no calendar year deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION OF THESE SERVICES.** See the instructions after the benefits description below.

OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.</i></p>	All charges

**Preauthorization**

To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following authorization processes:

We have designated Mental Health/Substance Abuse providers throughout our service area. The program's Preferred Provider Panel is comprised of a select group of psychiatrists, psychologists, social workers and substance abuse providers. You may obtain Mental Health/Substance Abuse services from our Preferred Providers without a referral from your Primary Care Physician. Services from Mental Health/Substance Abuse providers not on our Preferred Provider panel require prior authorization from us.

For coverage of mental health and substance abuse services, you may access your benefits in any of the following ways:

1. Call the HealthPlus Behavioral Service department at 1-800-555-5025.
2. Contact a panel provider from the HealthPlus Provider Directory and schedule an appointment. The provider you select will obtain the referral.
3. Contact your Primary Care Physician to coordinate your care.

Because our preferred panel of providers changes periodically, you may want to obtain an updated list by calling our Behavioral Services department at 1-800-555-5025.

**Limitation**

We may limit your benefits if you do not obtain a treatment plan.

**There are important features you should be aware of.** These include:

- **Who can write your prescription.** Prescriptions for covered drugs must be written by your Primary Care Physician or by a specialist to whom you have been appropriately referred.
- **Where you can obtain them.** You must fill the prescription at a participating pharmacy. A list of participating pharmacies may be found in our Provider Directory.
- **We use a formulary.** Drugs are prescribed by Plan doctors and dispensed in accordance with the Plan's drug formulary. The Plan's drug formulary is based on the effectiveness and costs of drugs. Non-formulary drugs will be covered when prescribed by a Plan doctor. When generic substitution is permissible (i.e., a generic drug is available and the prescribing doctor does not require the use of a name brand drug), but you request the name brand drug, you pay the price difference between the generic and name brand drug.
- **These are the dispensing limitations.** Prescription drugs covered by a Plan or referral doctor and obtained at a Plan pharmacy will be dispensed for up to a 34-day supply. You pay a \$5 copay per prescription unit or refill for generic drugs or for name brand drugs when generic substitution is not permissible.
- **Why use generic drugs?** Generic drugs are lower-priced drugs that are the therapeutic equivalent to more expensive brand-name drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand-name product. Generics cost less than the equivalent brand-name product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as brand-name drugs. Using the most cost-effective medication saves money. However, you and your physician have the option to request a name-brand even if a generic option is available. You will have to pay the difference between the cost of the generic and the name-brand drug.
- **When you have to file a claim.** Our members may occasionally receive bills for health care services. This could occur for a number of reasons, such as computer errors or out-of-area emergency treatment. If you receive a bill or statement, or are requesting reimbursement, mail the bills to us within 90 days of the date of service. Please be sure that the bill contains the following information:
  - Patient name
  - Subscriber number and the patient's two-digit relationship code as shown on your identification card (for example: 345123789-01)
  - Amount billed
  - Amount paid
  - Description of service and procedure codes
  - Diagnosis and diagnosis codes
  - Location of service
  - Date of service

## Section 5 (g). Special features

Feature	Description
<b>NCQA “Excellent Accreditation”</b>	We have been awarded “Excellent Accreditation” status for our Commercial HMO – the highest level possible – for the third year in a row by the National Committee for Quality Assurance (NCQA). NCQA is an independent, not-for-profit organization dedicated to measuring the quality of America’s health care.
<b>High risk pregnancies</b>	A case manager is assigned upon notification of a high risk pregnancy. The physician, member, and case manager develop a treatment plan specific to the member’s medical needs.
<b>Centers of excellence for transplants/heart surgery/etc</b>	The following are Centers of excellence available when appropriately referred: <ul style="list-style-type: none"> <li>– Cleveland Clinic Foundation</li> <li>– University of Michigan</li> </ul>
<b>HealthQuest Health Resource Library</b>	The Health Resource Library is a service dedicated to providing our members with a wide range of health information. Our library is stocked with over 200 books, videos, audiocassettes, and pamphlets that can be checked out just like at a public library, but in the comfort of your home. This is a free service; we even pay for all the postage. To learn more about the Health Resource Library, call the HealthQuest Program at (800) 345-9956, extension 1943 and select option 5.
<b>College Students</b>	Eligible college students are covered for emergency illnesses or injuries that occur when they are out of the service area. Contact us at 1-800-332-9161 for eligibility requirements.
<b>Flexible benefits option</b>	Under the flexible benefits option, we determine the most effective way to provide services. <ul style="list-style-type: none"> <li>● We may identify medically appropriate alternatives to traditional care and coordinate other benefits as a less costly alternative benefit.</li> <li>● Alternative benefits are subject to our ongoing review.</li> <li>● By approving an alternative benefit, we cannot guarantee you will get it in the future.</li> <li>● The decision to offer an alternative benefit is solely ours, and we may withdraw it at any time and resume regular contract benefits.</li> <li>● Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process.</li> </ul>

## Section 6. General exclusions — things we don't cover

---

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.**

We do not cover the following:

- Care by non-Plan providers except for authorized referrals or emergencies (see Emergency Benefits);
- Services, drugs, or supplies you receive while you are not enrolled in this plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest;
- Services, drugs, or supplies related to sex transformations; or
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.

---

## Section 7. Filing a claim for covered services

---

When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

### **Medical, hospital, and drug benefits**

In most cases, providers and facilities file claims for you. Physicians must file on the form HCFA-1500, Health Insurance Claim Form. Facilities will file on the UB-92 form. For claims questions and assistance, call us at (800) 332-9161.

When you must file a claim — such as for out-of-area care — submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member's name and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer —such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

**Submit your claims to: HealthPlus of Michigan**  
**Attn: Claims**  
**2050 S. Linden Rd.**  
**P.O. Box 1700**  
**Flint, MI 48501-1700**

Important Note: Charges for the completion of claim forms, interest on late payments, or charges for failure to keep scheduled appointments are not covered.

### **Deadline for filing your claim**

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

### **When we need more information**

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

---

## Section 8. The disputed claims process

---

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization:

Step	Description
------	-------------

- |          |  |
|----------|--|
| <b>1</b> | Ask us in writing to reconsider our initial decision. You must: <ol style="list-style-type: none"><li>Write to us within 6 months from the date of our decision; and</li><li>Send your request to us at: 2050 South Linden Road, P. O. Box 1700, Flint, MI 48501-1700; and</li><li>Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and</li><li>Include copies documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.</li></ol> |
|----------|--|

- |          |   |
|----------|---|
| <b>2</b> | We have 30 days from the date we receive your request to: <ol style="list-style-type: none"><li>Pay the claim (or, if applicable, arrange for the health care provider to give you the care); or</li><li>Write to you and maintain our denial — go to step 4; or</li><li>Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request — go to step 3.</li></ol> |
|----------|---|

- |          |  |
|----------|--|
| <b>3</b> | You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days. |
|----------|--|

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.

We will write to you with our decision.

- |          |  |
|----------|--|
| <b>4</b> | If you do not agree with our decision, you may ask OPM to review it. |
|----------|--|

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us — if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: Office of Personnel Management, Office of Insurance Programs, Contracts Division 3, 1900 E Street, NW, Washington, D.C. 20415-3630.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.

Note: If you want OPM to review different claims, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

**5** OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

**6** If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs or supplies, or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

**NOTE: If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- (a) We haven't responded yet to your initial request for care or preauthorization/prior approval, then call us at (800) 332-9161 and we will expedite our review; or
- (b) We denied your initial request for care or preauthorization/prior approval, then:
  - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
  - You can call OPM's Health Benefits Contracts Division 3 at 202/606-0737 between 8 a.m. and 5 p.m. eastern time.

## Section 9. Coordinating benefits with other coverage

---

### When you have other health coverage

You must tell us if you are covered or a family member is covered under another group health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

- **What is Medicare?**

Medicare is a Health Insurance Program for:

- People 65 years of age and older.
- Some people with disabilities, under 65 years of age.
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has two parts:

- **Part A (Hospital Insurance).** Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (Someone who was a Federal employee on January 1, 1983 or since automatically qualifies.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- **Part B (Medical Insurance).** Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare + Choice is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on the type of Medicare managed care plan you have.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share. Some things are not covered under Original Medicare, like prescription drugs.

When you are enrolled in Original Medicare, along with this Plan, you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be authorized by your Plan PCP, or precertified as required.

We will not waive any of our out-of-pocket costs.

**(Primary payer chart begins on next page.)**

The following chart illustrates whether **the Original Medicare Plan** or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

<b>Primary Payer Chart</b>		
<b>A. When either you — or your covered spouse — are age 65 or over and ...</b>	<b>Then the primary payer is...</b>

*Please note, if your Plan physician does not participate in Medicare, you will have to file a claim with Medicare.*

**Claims process when you have the Original Medicare Plan** — You probably will never have to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claims will be coordinated automatically and we will pay the balance of covered charges. You will not need to do anything. To find out if you need to do something about filing your claims, call us at (800) 332-9161 or visit our website at [www.healthplus.com](http://www.healthplus.com).

**We waive some costs when you have the Original Medicare Plan** — When Original Medicare is the primary payer, we will waive some out-of-pocket costs, as follows:

- Medical services and supplies provided by physicians and other health care professionals. If you are enrolled in Medicare Part B, we will waive after member copayment Part B deductible, 20% of Medicare approved amounts and Part B excess charges.

● **Medicare managed care plan**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from another type of Medicare+Choice plan — a Medicare managed care plan. These are health care choices (like HMOs) in some areas of the country. In most Medicare managed care plans, you can only go to doctors, specialists, or hospitals that are part of the plan. Medicare managed care plans provide all the Benefits that Original Medicare covers. Some cover extras, like prescription drugs. To learn more about enrolling in a Medicare managed care plan, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at [www.medicare.gov](http://www.medicare.gov).

If you enroll in a Medicare managed care plan, the following options are available to you:

**This Plan and our Medicare managed care plan:** You may enroll in our Medicare managed care plan and also remain enrolled in our FEHB plan. In this case, we do not waive any of our copayments, coinsurance, or deductibles for your FEHB coverage.

**This Plan and another plan's Medicare managed care plan:** You may enroll in another plan's Medicare managed care plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare managed care plan is primary, even out of the managed care plan's network and/or service area (if you use our Plan providers), but we will not waive any of our out-of-pocket costs. If you enroll in a Medicare managed care plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare manager care plan so we can correctly coordinate benefits with Medicare.

**Suspended FEHB coverage to enroll in a Medicare managed care plan:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare managed care plan. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next open season unless you involuntarily lose coverage or move out of the Medicare managed care plan's service area.

**● If you do not enroll in Medicare Part A or Part B**

If you do not have one or both Parts of Medicare, you can still be covered under the FEHB Program. We will not require you to enroll in Medicare Part B and, if you can't get premium-free Part A, we will not ask you to enroll in it.

**TRICARE**

TRICARE is the health care program for eligible dependents of military persons and retirees of the military. TRICARE includes the CHAMPUS program. If both TRICARE and this Plan cover you, we pay first. See your TRICARE Health Benefits Advisor if you have questions about TRICARE coverage.

**Workers' Compensation**

We do not cover services that:

- you need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care. You must use our providers.

**Medicaid**

When you have this Plan and Medicaid, we pay first.

**When other Government agencies are responsible for your care**

We do not cover services and supplies when a local, State, or Federal Government agency directly or indirectly pays for them.

**When others are responsible for injuries**

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

<b>Durable Medical Equipment</b>	Equipment of the type approved by HPM which is able to withstand repeated use, is primarily and customarily used to serve a medical purpose, and is not generally useful to a person in the absence of illness or injury.
<b>Experimental or investigational services</b>	A service that is of doubtful medical usefulness or effectiveness to the Member, as assessed by local medical community standards.
<b>Freestanding Emergency Center</b>	A Facility which is licensed, certified, or otherwise authorized pursuant to the Act or any similar licensing statute or law of its governing state or governmental unit to provide services in emergencies or after hours.
<b>Hearing Aid</b>	An electronic device of the type approved by HPM worn on the person for the purpose of amplifying sound and assisting the physiologic process of hearing, and includes an ear mold, if medically necessary.
<b>Home Health Agency</b>	A facility or program which is licensed, certified, or otherwise authorized pursuant to the Act or other similar licensing statute of its governing state or governmental unit and is approved to provide home health services.

<b>Hospice</b>	A Provider which is licensed, certified, or otherwise authorized pursuant to the Act or other similar licensing statute of its governing state or governmental unit to supply pain relief, symptom management, and supportive services to individuals suffering from a disease or condition with a terminal prognosis.
<b>Hospital</b>	An acute care general facility which: (1) provides inpatient diagnostic and therapeutic facilities for surgical or medical diagnosis, treatment, and care of injured and sick persons by or under the supervision of a staff of duly licensed Physicians; (2) is licensed, certified, or otherwise authorized pursuant to the Act or other similar licensing statute of its governing state or governmental unit; and (3) which is not, other than incidentally, a place of rest, a place for the aged, a nursing home, or a facility for the treatment of substance abuse or pulmonary tuberculosis.
<b>In-Network Benefits</b>	The provision of Covered Services by: (A) The Member's Primary Care Physician; (B) A Provider to whom the Member is Appropriately Referred; or (C) An Affiliated Provider when a referral or other authorization is not required by HPM.
<b>Intermediate Care</b>	As it applies to Mental Health and Substance Abuse Services, the use of a full or partial residential therapy setting (also known as Residential and Day Treatment programs), and shall include generally accepted therapeutic techniques and other therapeutic and ancillary services.
<b>Intermittent Skilled Nursing Care</b>	Services provided by a licensed nurse to a Member who has a medically predictable recurring need for skilled care at least once in every sixty (60) day period.
<b>Medical Necessity</b>	The health care associated with the Member is consistent with and called for in relationship to the intensity of service, severity of illness, and appropriateness of services provided.
<b>Medicare</b>	Title XVIII of the Social Security Act and all amendments thereto.
<b>Members</b>	The Subscriber and his/her Dependents covered under this Contract.
<b>Non-Affiliated Provider</b>	A Provider who has not agreed in writing to provide services to Members.
<b>Non-Plan Physician</b>	A Physician who has not entered into a written contract to provide services to Members.
<b>Non-Preferred Mental Health Provider</b>	An Affiliated Provider specializing in the treatment of mental illness who is not designated by HPM as a Preferred Provider.
<b>Non-Preferred Substance Abuse Provider</b>	An Affiliated Provider specializing in the treatment of substance abuse who is not designated by HPM as a Preferred Provider.
<b>Orthotic Appliance</b>	An apparatus of the type approved by HPM which is used to support, align, prevent, or correct deformities, or to improve the function of movable parts of the body.

<b>Out-of-Network Benefits</b>	The provision of Covered Services by: (A) A Non-Affiliated Provider, unless Appropriately Referred; (B) An Affiliated Provider (other than the Member's Primary Care Physician) to whom the Member was not Appropriately Referred; or (C) A Provider under any other circumstances which does not meet the definition of an In-Network Benefit.
<b>Outpatient Mental Health And/or Substance Abuse Services</b>	Therapeutic services which last less than (4) consecutive hours.
<b>Pharmacy</b>	A business licensed under the Act or similar licensing statute or law of its governing state or governmental unit to engage in the practice of pharmacy.
<b>Physician</b>	An individual licensed under the Act or other similar licensing statute or law of the applicable governing state or governmental unit to engage in the practice of allopathic medicine, osteopathic medicine, chiropractic, or podiatric medicine and surgery.
<b>Plan Physician</b>	Any Physician who has entered into a written contract to provide services to Members.
<b>Preferred Mental Health Provider</b>	An Affiliated Provider specializing in the treatment of mental illness who is both selected by a Member for his/her care and is designated by HPM as a Preferred Mental Health Provider.
<b>Preferred Substance Abuse Provider</b>	An Affiliated Provider specializing in the treatment of substance abuse who is both selected by a Member for his/her care and is designated by HPM as a Preferred Substance Abuse Provider.
<b>Prosthetic Device</b>	A device that replaces all or a part of an internal body organ or external body member, or that replaces all or a part of the function of a permanently inoperative or malfunctioning internal body organ or external body member.
<b>Provider</b>	A health professional, facility, or agency complying with the Act or other similar licensing statute of the applicable governing state or governmental unit. The following services are not covered: Services which are provided by individuals who are not licensed/certified under the Michigan Public Health Code (or other similar code/statute of any other state or government unit) or services which are beyond the treating individual's licensing.
<b>Reasonable Charge</b>	The lesser of the treating Provider's charge or the amount determined to be a fair charge by HPM in comparison to charges of other Providers in the same geographic region.
<b>Residential Substance Abuse Program</b>	A course of treatment which requires twenty-four (24) hour on-site presence coupled with the continuous availability of intense drug and alcohol therapy.
<b>Semi-Private Room</b>	A room containing two (2) or more patient beds in an inpatient facility.
<b>Short-Term</b>	Service for a condition which HPM determines can be expected to significantly improve within a period of sixty (60) days.

<b>Skilled Care Service</b>	Concentrated observation, monitoring, evaluation, and intervention by licensed and trained personnel under the direction of a Physician and usually does not require daily intervention for conditions that are stable or stabilizing.
<b>Skilled Nursing Facility</b>	A facility licensed to provide Skilled Nursing Care in accordance with the Act or other similar licensing statute of its governing state or governmental unit.
<b>Specialist Physician</b>	A Plan or Non-Plan Physician to whom a Member is Appropriately Referred.
<b>Us/We</b>	Us and we refers to <i>HealthPlus of Michigan</i>
<b>Visit</b>	A meeting between a Member and Provider for the purpose of rendering Covered Services, without regard to the frequency of meetings if each such meeting is separated by any period of time.
<b>You</b>	You refers to the enrollee and each covered family member.

## Section 11. FEHB facts

---

### No pre-existing condition limitation

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.

### Where you can get information about enrolling in the FEHB Program

See [www.opm.gov/insure](http://www.opm.gov/insure). Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

### Types of coverage available for you and your family

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

### When benefits and premiums start

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

## Your medical and claims records are confidential

We will keep your medical and claims information confidential. Only the following will have access to it:

- OPM, this Plan, and subcontractors when they administer this contract;
- This Plan and appropriate third parties, such as other insurance plans and the Office of Workers' Compensation Programs (OWCP), when coordinating benefit payments and subrogating claims;
- Law enforcement officials when investigating and/or prosecuting alleged civil or criminal actions;
- OPM and the General Accounting Office when conducting audits;
- Individuals involved in bona fide medical research or education that does not disclose your identity; or
- OPM, when reviewing a disputed claim or defending litigation about a claim.

## When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

## When you lose benefits

### ● When FEHB coverage ends

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage.

### ● Spouse equity coverage

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. But, you may be eligible for your own FEHB coverage under the spouse equity law. If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices.

### ● Temporary Continuation of Coverage (TCC)

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

**Enrolling in TCC.** Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from [www.opm.gov/insure](http://www.opm.gov/insure). It explains what you have to do to enroll.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

## **Getting a Certificate of Group Health Plan Coverage**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI-79-27, Temporary Continuation of Coverage (TCC) under the FEHB Program. See also the FEHB web site ([www.opm.gov/insure/health](http://www.opm.gov/insure/health)); refer to the “TCC and HIPAA” frequently asked question. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and have information about Federal and State agencies you can contact for more information.

## Long Term Care Insurance Is Coming Later in 2002!

---

- Many FEHB enrollees think their health plan and/or Medicare covers long-term care. Unfortunately, they are *WRONG!*
- How are YOU planning to pay for the future custodial or chronic care you may need? Consider buying long term care insurance.

The Office of Personnel Management (OPM) will sponsor a high-quality long term care insurance program effective in October 2002. As part of its educational effort, OPM asks you to consider these questions:

### What is long term care (LTC) insurance?

- It's insurance to help pay for long term care services you may need if you can't take care of yourself because of an extended illness or injury, or an age-related disease such as Alzheimer's.
- LTC insurance can provide broad, flexible benefits for care in a nursing home, in an assisted living facility, in your home, adult day care, hospice care, and more. *LTC insurance can supplement care provided by family members, reducing the burden you place on them.*

### I'm healthy. I won't need long term care. Or, will I?

- 76% of Americans believe they will never need long term care, but the facts are that about half of them will. And it's not just the old folks. About 40% of people needing long term care are under age 65. They may need chronic care due to a serious accident, a stroke, or developing multiple sclerosis, etc.
- We hope you will never need long term care, but you should have a plan just in case. *LTC insurance may be vital to your financial and retirement planning.*

### Is long term care expensive?

- Yes. A year in a nursing home can exceed \$50,000 and only three 8-hour shifts a week can exceed \$20,000 a year, that's before inflation!
- LTC can easily exhaust your savings but LTC insurance can protect it.

### But won't my FEHB plan, Medicare or Medicaid cover my long term care?

- Not FEHB. Look under "*Not covered*" in sections 5(a) and 5(c) of your FEHB brochure. Custodial care, assisted living, or continuing home health care for activities of daily living are not covered. Limited stays in skilled nursing facilities can be covered in some circumstances.
- Medicare only covers skilled nursing home care after a hospitalization with a 100 day limit.
- Medicaid covers LTC for those who meet their state's guidelines, but restricts covered services and where they can be received. LTC insurance can provide choices of care and preserve your independence.

### When will I get more information?

- Employees will get more information from their agencies during the late summer/early fall of 2002.
- Retirees will receive information at home.

### How can I find out more about the program NOW?

- A toll-free telephone number will begin in mid-2002. You can learn more about the program now at [www.opm.gov/insure/ltc](http://www.opm.gov/insure/ltc).

## 2002 Rate Information for HealthPlus of Michigan

**Non-Postal rates** apply to most non-Postal enrollees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

**Postal rates** apply to career Postal Service employees. Most employees should refer to the FEHB Guide for United States Postal Service Employees, RI 70-2. Different postal rates apply and special FEHB guides are published for Postal Service Nurses and Tool & Die employees (see RI 70-2B); and for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN).

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization. Refer to the applicable FEHB Guide.
