OFFICE OF THE DIRECTOR

Dear Federal Employees Health Benefits Program Participant:

I am pleased to present this 2004 Federal Employees Health Benefits (FEHB) Program plan brochure. The brochure describes the benefits this plan offers you for 2004. Because benefits vary from year to year, you should review your plan's brochure every Open Season – especially Section 2, which explains how the plan changed.

It takes a lot of information to help a consumer make wise healthcare decisions. The information in this brochure, our FEHB Guide, and our web-based resources, make it easier than ever to get information about plans, to compare benefits and to read customer service satisfaction ratings for the national and local plans that may be of interest. Just click on www.opm.gov/insure!

The FEHB Program continues to be an enviable national model that offers exceptional choice, and uses private-sector competition to keep costs reasonable, ensure high-quality care, and spur innovation. The Program, which began in 1960, is sound and has stood the test of time. It enjoys one of the highest levels of customer satisfaction of any healthcare program in the country.

I continue to take aggressive steps to keep the FEHB Program on the cutting edge of employer-sponsored health benefits. We demand cost-effective quality care from our FEHB carriers and we have encouraged Federal agencies and departments to pay the full FEHB health benefit premium for their employees called to active duty in the Reserve and National Guard so they can continue FEHB coverage for themselves and their families. Our carriers have also responded to my request to help our members to be prepared by making additional supplies of medications available for emergencies as well as call-up situations and you can help by getting an Emergency Preparedness Guide at www.opm.gov. OPM's *HealthierFeds* campaign is another way the carriers are working with us to ensure Federal employees and retirees are informed on healthy living and best-treatment strategies. You can help to contain healthcare costs and keep premiums down by living a healthy life style.

Open Season is your opportunity to review your choices and to become an educated consumer to meet your healthcare needs. Use this brochure, the FEHB Guide, and the web resources to make your choice an informed one. Finally, if you know someone interested in Federal employment, refer them to www.usajobs.opm.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kay Coles James".

Kay Coles James
Director

Notice of the Office of Personnel Management's Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU
MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS
TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

By law, the Office of Personnel Management (OPM), which administers the Federal Employees Health Benefits (FEHB) Program, is required to protect the privacy of your personal medical information. OPM is also required to give you this notice and tell you how OPM may use and give out ("disclose") your personal medical information held by OPM.

OPM **will** use and give out your personal medical information:

- To you or someone who has the legal right to act for you (your personal representative),
- To the Secretary of the Department of Health and Human Services, if necessary, to make sure your privacy is protected,
- To law enforcement officials when investigating and/or prosecuting alleged or civil or criminal actions, and
- Where required by law.

OPM **has the right** to use and give out your personal medical information to administer the FEHB Program. For example:

- To communicate with your FEHB health plan when you or someone you have authorized to act on your behalf asks for our assistance regarding a benefit or customer service issue.
- To review, make a decision, or litigate your disputed claim.
- For OPM and the General Accounting Office when conducting audits.

OPM **may** use or give out your personal medical information for the following purposes under limited circumstances:

- For Government healthcare oversight activities (such as fraud and abuse investigations),
- For research studies that meet all privacy law requirements (such as for medical research or education), and
- To avoid a serious and imminent threat to health or safety.

By law, OPM must have your written permission (an "authorization") to use or give out your personal medical information for any purpose that is not set out in this notice. You may take back ("revoke") your written permission at any time, except if OPM has already acted based on your permission.

By law you **have the right** to:

- See and get a copy of your personal medical information held by OPM.
- Amend any of your personal medical information created by OPM if you believe that it is wrong or if information is missing, and OPM agrees. If OPM disagrees, you may have a statement of your disagreement added to your personal medical information.
- Get a listing of those getting your personal medical information from OPM in the past 6 years. The listing will not cover your personal medical information that was given to you or your personal representative, any information that you authorized OPM to release, or that was given out for law enforcement purposes or to pay for your health care or a disputed claim.
- Ask OPM to communicate with you in a different manner or at a different place (for example, by sending materials to a P.O. Box instead of your home address).
- Ask OPM to limit how your personal medical information is used or given out. However, OPM may not be able to agree to your request if the information is used to conduct operations in the manner described above.
- Get a separate paper copy of this notice.

For more information on exercising your rights set out in this notice, look at www.opm.gov/insure on the web. You may also call 202-606-0191 and ask for OPM's FEHB Program privacy official for this purpose.

If you believe OPM has violated your privacy rights set out in this notice, you may file a complaint with OPM at the following address:

Privacy Complaints
United States Office of Personnel Management
P.O. Box 707
Washington, DC 20004-0707

Filing a complaint will not affect your benefits under the FEHB Program. You also may file a complaint with the Secretary of the Department of Health and Human Services.

By law, OPM is required to follow the terms in this privacy notice. OPM has the right to change the way your personal medical information is used and given out. If OPM makes any changes, you will get a new notice by mail within 60 days of the change. The privacy practices listed in this notice are effective April 14, 2003.

2004 Rate Information for AmeriHealth HMO, Inc. Back cover

Introduction

This brochure describes the benefits of AmeriHealth HMO, Inc. under our contract (CS 18939) with the Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits law. This plan is underwritten by AmeriHealth HMO, Inc. The address for administrative offices is:

AmeriHealth HMO, Inc.
1901 Market Street
Philadelphia, PA 19103

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled for Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2004, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2004, and are summarized on page 67. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member; “we” means AmeriHealth HMO.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM’s “Rate Us” feedback area at www.opm.gov/insure or e-mail OPM at fehwebcomments@opm.gov. You may also write to OPM at the Office of Personnel Management, Insurance Services Program, Program & Planning Group, 1900 E Street, NW, Washington, DC 20415-3650.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits (FEHB) Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud - Here are some things you can do to prevent fraud:

- Be wary of giving your plan identification (ID) number over the telephone or to people you do not know, except to your doctor, other provider, or authorized plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) that you receive from us.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 1-800-444-6282 and explain the situation.
 - If we do not resolve the issue, call or write:

**CALL – THE HEALTH CARE FRAUD HOTLINE
202-418-3300**

**OR WRITE TO:
The United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street, NW, Room 6400
Washington, DC 20415**

- Do not maintain as a family member on your policy:
 - your former spouse after a divorce decree or annulment is final (even if court orders stipulate otherwise); or
 - your child over age 22 (unless he/she is disabled and incapable of support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed or with OPM if you are retired.
- You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEHB benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the Plan.

Preventing Medical Mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. **Ask questions if you have doubts or concerns.**
 - Ask questions and make sure you understand the answers.
 - Choose a doctor with whom you feel comfortable talking.
 - Take a relative or friend with you to help you ask questions and understand answers.
2. **Keep and bring a list of all the medicines you take.**
 - Give your doctor and pharmacist a list of all the medicines that you take, including non-prescription medicines.
 - Tell them about any drug allergies you have.
 - Ask about side effects and what to avoid while taking the medicine.
 - Read the label when you get your medicine, including all warnings.
 - Make sure your medicine is what the doctor ordered and know how to use it.
 - Ask the pharmacist about your medicine if it looks different than you expected.
3. **Get the results of any test or procedure.**
 - Ask when and how you will get the results of test or procedures.
 - Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
 - Call your doctor and ask for your results.
 - Ask what the results mean for your care.
4. **Talk to your doctor about which hospital is best for your health needs.**
 - Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
 - Be sure you understand the instructions you get about follow-up care when you leave the hospital.
5. **Make sure you understand what will happen if you need surgery.**
 - Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
 - Ask your doctor, "Who will manage my care when I am in the hospital?"
 - Ask your surgeon:
 - Exactly what will you be doing?
 - About how long will it take?
 - What will happen after surgery?
 - How can I expect to feel during recovery?
 - Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications you are taking.

Section 1. Facts about this HMO plan

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You only pay the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

How we pay providers

Our HMO reimbursement programs for health care providers are intended to encourage the provision of quality, cost-effective care for our Members. Set forth below is a general description of our HMO reimbursement programs, by type of Participating Provider. These programs vary by state, and the reimbursement programs outlined below apply to services rendered in New Jersey.

Please note that these programs may change from time to time, and the arrangements with particular Participating Providers may be modified as new contracts are negotiated. If after reading this material you have any questions about how your Participating Provider is compensated, or desire information on reimbursement programs in another state, please speak with your Participating Provider directly or contact Member Services.

- **Professional Providers**

Primary Care Physicians: Most Primary Care Physicians (PCPs) are paid in advance for their services, receiving a set dollar amount per Member, per month for each Member selecting that PCP. This is called a "capitation" payment and it covers most of the care delivered by the PCP. Covered Services not included under capitation are paid fee-for-service according to the HMO fee schedule.

Referred Specialists: Most Referred Specialists are paid on a fee-for-service basis. This means that payment is made according to our HMO fee schedule for the specific medical services that the Referred Specialist performs. Some Referred Specialists are paid a global fee covering all of the related services delivered during an encounter and therefore may be at risk for the cost of these services. Obstetricians are paid global fees that cover most of their professional services for prenatal care and delivery.

- **Physician Group Practices and Physician Associations:** Certain physician group practices and independent physician associations (IPAs) employ or contract with individual physicians to provide medical Covered Services. These groups are paid as outlined above. These groups may pay their affiliated physicians a salary and/or provide incentives based on quality, production, service, or other performance standards.

- **Institutional Providers**

Hospitals: For most inpatient medical and surgical Covered Services, Hospitals are paid per diem rates, which are specific amounts paid for each day a Member is in the hospital. These rates usually vary according to the intensity of services provided. Some Hospitals are also paid case rates, which are set dollar amounts paid for a complete Hospital stay related to a specific procedure or diagnosis, e.g., transplants. For most outpatient and Emergency Covered Services and procedures, most Hospitals are paid specific rates based on the type of service performed. For a few Covered Services, Hospitals are paid based on a percentage of billed charges. Most Hospitals are paid through a combination of the above payment mechanisms for various Covered Services.

Skilled Nursing Homes, Rehabilitation Hospitals, and other care facilities: Most Skilled Nursing Facilities and other special care facilities are paid per diem rates, which are specific amounts paid for each day a Member is in the facility. These amounts may vary according to the intensity of services provided.

Ambulatory Surgical Centers (ASCs): Most ASCs are paid specific rates based on the type of service performed. For a few Covered Services, some ASCs are paid based on a percentage of billed charges.

- **Ancillary Service Providers**

Some ancillary service providers, such as Durable Medical Equipment and Home Health Care Providers, are paid fee-for-service payments according to our HMO fee schedule for the specific medical services performed. Other ancillary service Providers, such as those providing laboratory, dental and vision Covered Services, are paid a per Member per month amount (capitation) for each Member. Capitated ancillary service vendors are responsible for paying their contracted providers and do so on a fee-for-service basis.

- **Radiology Services**

We contract with a radiology service company, which provides a network of participating radiology providers and is paid a per Member per month amount (capitation) for each Member. This radiology service company pays its affiliated providers on a fee-for-service and/or capitated basis.

- **Mental Health**

A behavioral health management company (BHM) administers most of our mental health/substance abuse Covered Services, provides a network of participating BHM Providers and processes related claims. The BHM is paid a per Member per month amount (capitation) for each Member and is responsible for paying its contracted providers on a fee-for-service basis. This company capitates its outpatient providers in this area, and PCPs may select a particular behavioral health outpatient site as its primary mental health provider, so Members are encouraged to use the site that their PCP is working with. *However, members are free to choose any behavioral health outpatient site.* The contract with the BHM includes performance-based payments related to quality, provider access, service, and other such parameters. One of our affiliate companies has a less than three percent ownership interest in this BHM.

- **Pharmacy**

A pharmacy benefits management company (PBM) administers our HMO pharmacy benefits, provides a network of Participating Pharmacies and processes pharmacy claims. The PBM also processes and provides all mail order Prescription Orders, negotiates price discounts with pharmaceutical manufacturers and provides drug utilization and quality reviews. Price discounts may include rebates from a drug manufacturer based on the volume purchased. Rebates and discounts reduce the overall cost of pharmacy benefits. Most outpatient Prescription Drugs are purchased on a fee-for-service basis from pharmacies. The PBM is paid an administrative fee for processing each pharmacy claim and providing other pharmacy related services. Most regional network pharmacies also have the opportunity to receive a small incentive payment if their generic drug-dispensing rate is better than the network average.

If you desire additional information about how our Primary Care Physicians or any other Providers in our Service Area are compensated, you may do either of the following. You may call Member Services at the number on the back of your ID card. Or, you may write to AmeriHealth HMO, Inc., AmeriHealth Service Center, P.O. Box 41574, Philadelphia, PA 19101-1574.

The laws of the State of New Jersey, at N.J.S.A. 45:9-22.4 et seq., mandate disclosure of the following. If a physician, chiropractor or podiatrist who is permitted to make Referrals to other health care Providers the following must be disclosed, if applicable. The physician, chiropractor or podiatrist must inform his or her patients of any significant financial interest he or she may have in a health care Provider or facility when making a Referral to that health care Provider or facility. If you want more information about this, contact your physician, chiropractor or podiatrist. If you believe that you are not receiving the information to which you are entitled, contact the Division of Consumer Affairs in the New Jersey Department of Law and Public Safety at (973) 504-6200 OR (800) 242-5846.

Who provides my health care?

AmeriHealth HMO is an individual practice plan (IPP) HMO. The Plan is comprised of over 29,000 private practice doctor sites who practice from their own private offices. Over 7,900 of these doctors are participating primary care doctors. A wide range of specialty care is represented throughout the Plan. Inpatient services are available and can be provided at 185 hospitals conveniently located throughout the Plan's service area.

It is the responsibility of your primary care doctor to obtain any necessary authorizations from the Plan before referring you to a specialist or making arrangements for hospitalization. Services of other providers are covered only when there has been a referral by the member's primary care doctor except for eye exams, dental care, and visits to the OB/GYN for preventive care, routine maternity or for problems related to gynecological conditions when medically necessary. Non-routine care provided by Reproductive Endocrinologists/Infertility Specialists, and Gynecologic Oncologists continue to require a referral from the primary care physician. Treatment for mental conditions and substance abuse may be obtained directly from Magellan Behavioral Health at 1-800-809-9954. Magellan Behavioral Health, or any other mental health administrator for AmeriHealth HMO, manages all care related to mental health and substance abuse services. Magellan Behavioral Health will determine what specialty care is appropriate and which specialists will be utilized.

Your rights

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you.

If you want more information about us, call 1-800-877-9829, or write to AmeriHealth HMO, Inc., P.O. Box 41574, Philadelphia, PA 19103. You may also visit our website at www.amerhealth.com.

Service Area

To enroll with us, you must live in or work in our service area. This is where our providers practice. Our service area is the state of New Jersey. Contract holders must select a Primary Care Physician (PCP) within the state of New Jersey.

Outside Service Area

Ordinarily, you must get your care from providers who contract with us. However, emergency (described in section 5(d)) and urgent care provided outside the service area will be covered. Urgent care includes covered services provided in order to treat an unexpected medical or psychiatric illness or injury that is not life threatening and requires care by a provider within 24 hours. The service must be required in order to prevent a serious deterioration in your or your covered family member's health, if treatment were delayed.

If you become ill or injured while traveling outside the service area, AmeriHealth will provide coverage for urgent care services. Members who are away from home for at least 90 days may temporarily enroll in the AmeriHealth Guest Advantage Program. Members are eligible for Guest Advantage for up to six months if, for example, they are assigned out-of-area temporarily. Guest Advantage enables members to receive the same full range of HMO benefits and services without the need for a referral. To enroll, members simply contact their Guest Advantage Coordinator in advance by using the phone number on the back of the ID card. Guest Advantage members will be required to obtain pre-authorization for some services. For more information on how to access these services, please contact us by calling the phone number on the back of your ID card.

Section 2. How we change for 2004

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes

- We added information regarding two new Federal Programs that complement FEHB benefits, the Federal Flexible Spending Account Program – *FSAFEDS* and the Federal Long Term Care Insurance Program. See page 61.
- We added information regarding Preventing medical mistakes. See page 7.
- We added information regarding enrolling in Medicare. See page 51.
- We revised the Medicare Primary Payer Chart. See page 53.

Changes to this Plan

- Your share of the non-Postal premium will decrease by 0.4% for Self Only or 11% for Self and Family.
- You will now pay a \$15 copayment per prescription order or refill for a 30-day supply of generic formulary drugs.

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 1-800-877-9829.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments or coinsurances, and you will not have to file claims.

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

We list Plan providers in the provider directory, which we update periodically. The list is also on our website.

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website.

What you must do to get covered care

It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care. Contract holders must select a PCP within the state of New Jersey.

- **Primary care**

Your primary care physician can be a family practitioner, internist or pediatrician. Your primary care physician will provide most of your health care, or give you a referral to see a specialist.

If you want to change primary care physicians or if your primary care physician leaves the Plan, call us. We will help you select a new one.

- **Specialty care**

Your primary care physician will refer you to a specialist for needed care. When you receive a referral from your primary care physician, you must return to the primary care physician after the consultation, unless your primary care physician authorized a certain number of visits without additional referrals. The primary care physician must provide or authorize all follow-up care. Do not go to the specialist for return visits unless your primary care physician gives you a referral. However, you may see a participating physician for eye exams, dental care, and visits to the OB/GYN for preventive care, routine maternity or for problems related to gynecological conditions when medically necessary. You may also visit a participating facility for all mammograms. Non-routine care provided by Reproductive Endocrinologists/Infertility Specialists, and Gynecologic Oncologists continues to require a referral from the primary care physician. Treatment for mental conditions and substance abuse may be obtained directly from Magellan Behavioral Health at 1-800-809-9954.

Here are other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician will develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your primary care physician will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. Your primary care physician will decide what treatment you need. If he or she decides to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.
- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic or disabling condition and lose access to your specialist because we:
 - terminate our contract with your specialist for other than cause; or
 - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan; or
 - reduce our service area and you enroll in another FEHB Plan,you may be able to continue seeing your specialist for up to 4 months after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

- **Hospital care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 1-800-877-9829. If you are new to the FEHB Program, we will arrange for you to receive care.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

Services requiring our prior approval

Your primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practices.

We call this review and approval process preauthorization. Your physician must obtain preauthorization for services such as:

- All Non-Emergency Hospital Admissions
 - All Same Day Surgery/Short Procedure Unit Admissions
 - Outpatient Therapies: Speech, Cardiac, Pulmonary, Respiratory, Home Infusion
 - Other Facility Services: Skilled Nursing, Home Health, Hospice, Birthing Center
 - Rental/Purchase of Durable Medical Equipment and Prosthesis (purchase over \$100.00 and all rentals)
 - Non-Emergency Ambulance Services
 - Inpatient Psychiatric Care
 - Inpatient Alcohol and Substance Abuse Treatment
 - Some Medications that have specific uses and are administered in Outpatient Settings or Physician Offices
- Your physician must get our approval before sending you to a hospital, referring you to a specialist, or recommending follow-up care. Before giving approval, we determine if the service is medically necessary, and if it follows generally accepted medical practices. Members are not responsible for payment of services if the provider does not obtain preauthorization for services rendered.

Section 4. Your costs for covered services

You must share the cost of some services. You are responsible for:

- **Copayments**

A copayment is a fixed amount of money you pay to the provider, when you receive services.

Example: When you see your primary care physician you pay a copayment of \$30 per office visit or a copayment of \$35 per office visit to a specialist.

- **Deductible**

We do not have a deductible.

- **Coinsurance**

You will pay coinsurance for covered non-formulary drugs.

Your catastrophic protection out-of-pocket maximum

After your copayments total \$1,500 per person or \$3,000 per family enrollment in any calendar year, you do not have to pay any more for covered services. However, copayments for the following services do not count toward your out-of-pocket maximum, and you must continue to pay copayments for these services:

- Prescription drugs
- Dental services

Be sure to keep accurate records of your copayments since you are responsible for informing us when you reach the maximum.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that a prudent layperson believes endangers their life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

Emergencies within our service area:

If you are in an emergency situation, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room. If you are hospitalized in non-Plan facilities and Plan doctors believe care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Benefits are available for care from non-Plan providers in a medical emergency only if delay in reaching a Plan provider would result in death, disability or significant jeopardy to your condition. To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

Emergencies outside our service area:

Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, you or a family member must notify the Plan within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

To be covered by this Plan, any follow up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

**Network
out-of-pocket maximums**

After your copayments total \$1,500 per person or \$3,000 per family enrollment in any calendar year, you do not have to pay any more for covered services. This is called a catastrophic limit. However, copayments for your prescription drugs and dental services do not count toward these limits and you must continue to make these payments.

Preauthorization

To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following authorization processes:

Treatment for mental conditions and substance abuse is coordinated directly by Magellan Behavioral Health or other behavioral health administrator designated by the Plan. Magellan Behavioral Health, acting as behavioral health administrator for AmeriHealth HMO, Inc., manages all care related to mental health and substance abuse services including referrals to mental health and substance abuse specialists. Questions about related benefits and pre-certification should be addressed to Magellan Behavioral Health at 1-800-809-9954.

Limitation

We may limit your benefits if you do not follow your treatment plan.

Here are some important things to keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- All benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- We do not have a deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or licensed dentist must write the prescription.
- **Where you can obtain them.** You may fill the prescription at a retail pharmacy, or by mail at the Plan mail order pharmacy for maintenance medications.
- **We use a formulary.** Drugs are prescribed by doctors and dispensed in accordance with the Plan's formulary. A formulary is a list of selected drugs that have been evaluated for their medical effectiveness and value. Plan formulary is designed to include all therapeutic categories, provide coverage for all types of drugs and provide physicians with prescribing options.
- **Prior Authorization.** Your pharmacy benefits plan requires prior authorization of certain covered drugs to ensure that the drug prescribed is medically necessary and appropriate and is being prescribed according to the Food and Drug Administration (FDA) guidelines. The approval criteria were developed and endorsed by the AmeriHealth Pharmacy and Therapeutics Committee, which is an established group of Medical Directors and independent area physicians and pharmacists.
- **These are the dispensing limitations.** Prescription drugs prescribed by a licensed doctor and obtained at a retail Plan pharmacy will be dispensed in the following quantities:
 - 1-30 days: One Formulary Copayment or Non-Formulary Coinsurance**
 - 31-60 days: Two Formulary Copayments; or Non-Formulary Coinsurance**
 - 61-90 days: Three Formulary Copayments; or Non-Formulary Coinsurance**Maintenance drugs obtained through the Plan mail order pharmacy will be dispensed in the following quantities:
 - 1-30 days: One Formulary Copayment or Non-Formulary Coinsurance**
 - 31-90 days: Two Formulary Copayments; or Non-Formulary Coinsurance**Prescription refills will be dispensed only if 75% of the previously dispensed quantity has been consumed based on the dosage prescribed. If you are in the military and called to active duty due to an emergency, please contact us if you need assistance in filling a prescription before your departure.
- **Why use generic drugs?** Generic drugs are lower-priced drugs that are the therapeutic equivalent to more expensive brand-name drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand-name product. Generics cost less than the equivalent brand-name product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as brand name drugs. You can save money by using generic drugs. However, you and your physician have the option to request a name-brand if a generic option is available. Using the most cost-effective medication saves money.
- **When you have to file a claim.** Prescription drugs obtained from a non-Plan pharmacy are eligible with a higher out-of-pocket expense except for an out-of-area emergency which will be reimbursed after your copayment. You must submit acceptable proof-of-payment with a direct reimbursement form. All claims for payment must be received within ninety (90) days of the date of proof-of-purchase. **Direct reimbursement forms may be obtained by calling 1-800-877-9829.**

Accidental injury benefit	
We cover restorative services and supplies necessary to promptly repair (but not replace) sound natural teeth when provided by Plan dentists. The need for these services must result from an accidental injury and be treated within six (6) months or as other medical conditions permit after the accident.	\$35 copayment per office visit

Dental benefits are continued on next page.

Section 5 (i). Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them. Fees you pay for these services do not count toward FEHB deductibles or out-of-pocket expenses.**

Weight Management Reimbursement – AmeriHealth HMO’s Weight Management Reimbursement program gives you the option of participating in any weight management program offered by an AmeriHealth network hospital or Weight Watchers. 100% reimbursement of all program fees (up to \$200).

New Fitness Reimbursement Program – To give members added incentive to maintain an active lifestyle, we will reimburse members up to \$150 of their annual fitness club fees. Members can now enjoy the flexibility of joining any approved fitness club and working out at multiple fitness clubs. Visits can be recorded by swipe-card, computer printout, telephone or logbook.

Smoking Cessation – If you smoke, quitting is one of the best things you can do for your health. Better yet, when you kick the habit, we’ll help foot the bill! You can get up to \$200 back when you complete your choice of a variety of proven smoking cessation programs. And to give you even more incentive, we now will reimburse you the costs of nicotine replacement products and smoking cessation aides. If you choose a smoking cessation program that costs less than \$200, you use the difference toward the purchase of nicotine replacement products, such as “the patch” or chewing gum.

Vision Care – Up to a \$35 allowance for eyeglasses or contact lenses once every two (2) calendar years, members maximize their benefit by using participating providers.

BabyFootSteps Program – AmeriHealth HMO members can receive educational materials and free gifts for you and your baby in our prenatal program. Plus, you can receive a 100% reimbursement (up to \$50) of the cost of a childbirth class.

Mother’s Option – AmeriHealth HMO pregnant mothers have the option of a 24 or 48 hour length of stay for a normal delivery and a 3 or 4 day length of stay for a cesarean delivery. If member opts for a 24 hour stay for a normal delivery, the mother will receive two (2) home care visits. If member opts for a 3 day stay for a cesarean delivery, the mother will receive one (1) home care visit.

Child Safety – Offers tips on how to reduce children’s risk for household accidents such as burns, injuries from firearms, choking, and accidental poisonings. Our newly enhanced family health portfolio includes a child identification record, “Mr. Yuk” stickers to place on poisonous substances, coupons for free bottle of Syrup of Ipecac, tips for safe bicycling and more. Reimbursement up to \$25 for bike helmet.

American Red Cross CPR and First Aid Course Reimbursements – AmeriHealth HMO members can receive up to \$25 reimbursement on any course offered by the American Red Cross.

Alternative Health Discounts – In response to our members’ interest in alternative health services, we developed our Alternative Health Directory, which includes a list of practitioners who offer members up to 40% discounts on acupuncture, massage therapy, and nutritional counseling.

Medicare Prepaid Plan Enrollment – This Plan offers Medicare recipients the opportunity to enroll in the Plan through Medicare. As indicated on page 54, annuitants and former spouses with FEHB coverage and Medicare Part B may elect to drop their FEHB coverage and enroll in a Medicare prepaid plan when one is available in their area. They may then later re-enroll in the FEHB Program. Most Federal annuitants have Medicare Part A. Those without Medicare Part A may join this Medicare prepaid plan but will probably have to pay for hospital coverage in addition to the Part B premium. Before you join the plan, ask whether the plan covers hospital benefits and, if so, what you will have to pay. Contact your retirement system for information on changing your FEHB enrollment. Contact us at 1-800-898-3492 for information on Plan benefits under the Medicare plan and the cost of that enrollment. If you are Medicare eligible and are interested in enrolling in a Medicare HMO sponsored by this Plan without dropping your enrollment in this Plan’s FEHB plan, call 1-800-898-3492 for information on the benefits available under the Medicare HMO.

Section 6. General exclusions — things we do not cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.**

We do not cover the following:

- Care by non-Plan providers except for authorized referrals or emergencies (see Emergency Benefits) or out-of-area urgent care;
- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest;
- Services, drugs, or supplies related to sex transformations;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs or supplies you receive without charge while in active military service.

Section 7. Filing a claim for covered services

When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-Plan providers or non-Plan pharmacies. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process.

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form HCFA-1500, Health Insurance Claim Form. Facilities will file on the UB-92 form. For claims questions and assistance, call us at 800-877-9829.

When you must file a claim – such as for services you receive outside of the Plan’s network – submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer – such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

Submit your claims to:

AmeriHealth HMO, Inc.
P.O. Box 41574
Philadelphia, PA 19101

Prescription drugs

Submit your claims to:

Medco Health Prescription Solutions, Inc.

Other supplies or services

Submit your claims to:

AmeriHealth HMO, Inc.
P.O. Box 41574
Philadelphia, PA 19101

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization:

Step	Description
------	-------------

- | | |
|----------|---|
| 1 | Ask us in writing to reconsider our initial decision. You must: <ol style="list-style-type: none">Write to us within 6 months from the date of our decision; andSend your request to us at: 1901 Market Street, Philadelphia, PA 19103; andInclude a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; andInclude copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms. |
|----------|---|

- | | |
|----------|---|
| 2 | We have 30 days from the date we receive your request to: <ol style="list-style-type: none">Pay the claim (or, if applicable, arrange for the health care provider to give you the care); orWrite to you and maintain our denial – go to step 4; orAsk you or your provider for more information. If we ask your provider, we will send you a copy of our request – go to step 3. |
|----------|---|

- | | |
|----------|--|
| 3 | You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days. |
|----------|--|

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.

We will write to you with our decision.

- | | |
|----------|--|
| 4 | If you do not agree with our decision, you may ask OPM to review it. |
|----------|--|

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us – if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: Office of Personnel Management, Insurance Services Programs, Health Insurance Group, Contracts Division 3, 1900 E Street, NW, Washington, D.C. 20415-3630.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

- 5** OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

NOTE: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- (a) We haven't responded yet to your initial request for care or preauthorized/prior approval, then call us at 1-800/227-3114 and we will expedite our review; or
- (b) We denied your initial request for care or preauthorization/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You can call OPM's Health Insurance Group 3 at 202/606-0755 between 8 a.m. and 5 p.m. eastern time.

Section 9. Coordinating benefits with other coverage

When you have other health coverage

You must tell us if you, or a covered family member, have coverage under another group health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age and older
- Some people with disabilities, under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has two parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (Someone who was a Federal employee on January 1, 1983 or since automatically qualifies.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.

Should I enroll in Medicare?

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It’s easy. Just call the Social Security Administration toll-free number 1-800-772-1213 to set up an appointment to apply. If you do not apply for one or both Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don’t have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare + Choice is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on the type of Medicare managed care plan you have.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is a Medicare+Choice plan that is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits. You may go to any doctor, specialist, or hospital that accepts Medicare. The original Medicare plan pays its share and you pay your share. Some things are not covered under Original Medicare, like prescription drugs.

When you are enrolled in Original Medicare, you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be authorized by your Plan PCP. We will not waive any of our copayments.

Claims Process when you have the Original Medicare Plan – You probably will never have to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claims will be coordinated automatically and we will then provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claims, call us at 800-877-9829.

(Primary payer chart begins on next page.)

Medicare always makes the final determination as to whether they are the primary payer. The following chart illustrates whether Medicare or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

- **Medicare + Choice**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from another type of Medicare + Choice plan – a Medicare + Choice plan. These are health care choices (like HMOs) in some areas of the country. In most Medicare + Choice plans, you can only go to doctors, specialists, or hospitals that are part of the plan. Medicare + Choice plans provide all the benefits that Original Medicare covers. Some cover extras, like prescription drugs. To learn more about enrolling in a Medicare + Choice plan, contact Medicare at 1-800-MEDICARE (1-800-633-4277) or at www.medicare.gov.

If you enroll in a Medicare managed care plan, the following options are available to you:

This Plan and our Medicare Managed Care Plan: You may enroll in our Medicare managed care plan and also remain enrolled in our FEHB plan. In this case, we do not waive any of our copayments for your FEHB coverage.

This Plan and another plan's Medicare + Choice plan: You may enroll in another plan's Medicare + Choice plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare + Choice plan is primary, even out of the Medicare + Choice plan's network and/or service area (if you use our Plan providers), but we will not waive any of our copayments. If you enroll in a Medicare + Choice plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare + Choice plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare + Choice plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare + Choice plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare + Choice plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next open season unless you involuntarily lose coverage or move out of the Medicare managed care plan's service area.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have any questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the program.

Workers' Compensation

We do not cover services that:

- you need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or

- OWCP or similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care. You must use our providers.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal Government agency directly or indirectly pays for them.

When others are responsible for injuries

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 56.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial Care	Care provided primarily for maintenance of the patient or care designed essentially to assist the patient in meeting his activities of daily living and which is not primarily provided for its therapeutic value in the treatment of an illness, disease, bodily injury, or condition. Custodial Care includes, but is not limited to, help in walking, bathing, dressing, feeding, preparation of special diets and supervision of self-administration of medications which do not require the technical skills or professional training of medical or nursing personnel in order to be performed safely and effectively. Custodial care that lasts 90 days or more is sometimes known as Long Term Care.
Experimental or Investigational services	To establish if a biological, medical device, drug or procedure is experimental/investigative or not, a technology assessment is performed. The results of the assessment provide the basis for the determination of the service's status (e.g., medically effective, experimental, etc.). Technology assessment is the review and evaluation of available data from multiple sources using industry standard criteria to assess the medical effectiveness of the service. Sources of data used in technology assessment include but are not limited to clinical trials, position papers or articles published by local and/or nationally accepted medical organizations or peer-reviewed journals, information supplied by government agencies, as well as regional and national experts and/or panels and, if applicable, literature supplied by the manufacturer.
Us/We	Us and we refer to AmeriHealth HMO, Inc.
You	You refers to the enrollee and each covered family member.

Section 11. FEHB facts

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/insure. Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

Types of coverage available for you and your family

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

Children's Equity Act

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the Federal Employees Health Benefits (FEHB) Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option,
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot make any changes after retirement. Contact your employing office for further information.

When benefits and premiums start

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as temporary continuation of coverage (TCC).

When you lose benefits

- **When FEHB coverage ends** You will receive an additional 31 days of coverage, for no additional premium, when:
 - Your enrollment ends, unless you cancel your enrollment, or
 - You are a family member no longer eligible for coverage.You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC) or a conversion policy (a non-FEHB individual policy).
- **Spouse equity coverage** If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to supply health coverage for you. But, you may be eligible for your own FEHB coverage under the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees, or other information about your coverage choices. You can also download this guide from OPM's website, www.opm.gov/insure.
- **Temporary Continuation of Coverage (TCC)** If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

Getting a Certificate of Group Health Plan Coverage

If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI 79-27, Temporary Continuation of Coverage (TCC) under the FEHB Program. See also the FEHB web site (www.opm.gov/insure/health); refer to the "TCC and HIPAA" frequently asked question. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and information about Federal and State agencies you can contact for more information.

Two new Federal Programs complement FEHB benefits

Important information

OPM wants to be sure you know about two new Federal programs that complement the FEHB Program. First, the **Flexible Spending Account (FSA) Program**, also known as **FSAFEDS**, lets you set aside tax-free money to pay for health and dependent care expenses. The result can be a discount of 20 to more than 40 percent on services you routinely pay for out-of-pocket. Second, the **Federal Long Term Care Insurance Program (FLTCIP)** covers long term care costs not covered under the FEHB.

The Federal Flexible Spending Account Program - *FSAFEDS*

- **What is an FSA?**

It is a tax-favored benefit that allows you to set aside pre-tax money from your paychecks to pay for a variety of eligible expenses. *By using an FSA, you can reduce your taxes while paying for services you would have to pay for anyway, producing a discount that can be over 40%!!*

There are two types of FSAs offered by the FSAFEDS Program:

Health Care Flexible Spending Account (HCFSA)

- Covers eligible health care expenses not reimbursed by this Plan, or any other medical, dental, or vision care plan you or your dependents may have
- Eligible dependents for this account include anyone you claim on your Federal income tax return as a qualified dependent under the U.S. Internal Revenue Service (IRS) definition and/or with whom you jointly file your Federal income tax return, even if you don't have self and family health benefits coverage. *Note:* The IRS has a broader definition than that of a "family member" than is used under the FEHB Program to provide benefits by your FEHB Plan.
- The maximum amount that can be allotted for the HCFSA is \$3,000 annually. The minimum amount is \$250 annually.

Dependent Care Flexible Spending Account (DCFSA)

- Covers eligible dependent care expenses incurred so you can work, or if you are married, so you and your spouse can work, or your spouse can look for work or attend school full-time.
- Eligible dependents for this account include anyone you claim on your Federal income tax return as a qualified IRS dependent and/or with whom you jointly file your Federal income tax return.
- The maximum that can be allotted for the DCFSA is \$5,000 annually. The minimum amount is \$250 annually. *Note:* The IRS limits contributions to a Dependent Care FSA. For single taxpayers and taxpayers filing a joint return, the maximum is \$5,000 per year. For taxpayers who file their taxes separately with a spouse, the maximum is \$2,500 per year. The limit includes any child care subsidy you may receive.

- **Enroll during Open Season**

You **must make an election** to enroll in an FSA during the FEHB Open Season. Even if you enrolled during the initial Open Season for 2003, you must make a new election to continue participating in 2004. Enrollment is easy!

- Enroll online anytime during Open Season (November 10 through December 8, 2003) at www.fsafeds.com.
- Call the toll-free number 1-877-FSAFEDS (372-3337) Monday through Friday, from 9 a.m. until 9 p.m. eastern time and a FSAFEDS Benefit Counselor will help you enroll.

What is SHPS?

SHPS is a third-party administrator hired by OPM to manage the FSAFEDS Program. SHPS is the largest FSA administrator in the nation and will be responsible for enrollment, claims processing, customer service, and day-to-day operations of FSAFEDS.

Who is eligible to enroll?

If you are a Federal employee eligible for FEHB – even if you're not enrolled in FEHB – you can choose to participate in either, or both, of the flexible spending accounts. If you are not eligible for FEHB, you are not eligible to enroll for a Health Care FSA. However, almost all Federal employees are eligible to enroll for the Dependent Care FSA. The only exception is intermittent (also called when actually employed [WAE]) employees expected to work less than 180 days during the year.

Note: FSAFEDS is the FSA Program established for all Executive Branch employees and Legislative Branch employees whose employers signed on. Under IRS law, FSAs are not available to annuitants. In addition, the U.S. Postal Service and the Judicial Branch, among others, are Federal agencies that have their own plans with slightly different rules, but the advantages of having an FSA are the same no matter what agency you work for.

- **How much should I contribute to my FSA?**

Plan carefully when deciding how much to contribute to an FSA. Because of the tax benefits of an FSA, the IRS places strict guidelines on them. You need to estimate how much you want to allocate to an FSA because current IRS regulations require you forfeit any funds remaining in your account(s) at the end of the FSA plan year. This is referred to as the “use-it-or-lose-it” rule. You will have until April 29, 2004 to submit claims for your eligible expenses incurred during 2003 if you enrolled in FSAFEDS when it was initially offered. You will have until April 30, 2005 to submit claims for your eligible expenses incurred from January 1 through December 31, 2004 if you elect FSAFEDS during this Open Season.

The **FSAFEDS Calculator** at www.fsafeds.com will help you plan your FSA allocations and provide an estimate of your tax savings based on your individual situation.

- **What can my HCFSA pay for?**

Every FEHB health plan includes cost sharing features, such as deductibles you must meet before the Plan provides benefits, coinsurance or copayments that you pay when you and the Plan share costs, and medical services and supplies that are not covered by the Plan and for which you must pay. These out-of-pocket costs are summarized on page 68 and detailed throughout this brochure. Your HCFSA will reimburse you for such costs when they are for tax deductible medical care for you and your dependents that is NOT covered by this FEHB Plan or any other coverage that you have.

Under the High Option of this Plan, typical out-of-pocket expenses include: *[NOTE TO PLAN: List the 3 most frequent/significant expenses that are subject to deductibles, coinsurance and/or copayments, then list 3 common but significant expenses not covered by the Plan.]*

Under the Standard Option of this Plan, typical out-of-pocket expenses include: *[NOTE TO PLAN: List the 3 most frequent/significant expenses that are subject to deductibles, coinsurance and/or copayments, then list 3 common but significant expenses not covered by the Plan.]*

The IRS governs expenses reimbursable by a HCFSA. See Publication 502 for a comprehensive list of tax-deductible medical expenses. **Note: While you will see insurance premiums listed in Publication 502, they are NOT a reimbursable expense for FSA purposes.** Publication 502 can be found on the IRS Web site at <http://www.irs.gov/pub/irs-pdf/p502.pdf>. If you do not see your service or expense listed in Publication 502, please call a FSAFEDS Benefit Counselor at 1-877-FSAFEDS (372-3337), who will be able to answer your specific questions.

- **Tax savings with an FSA**

An FSA lets you allot money for eligible expenses *before* your agency deducts taxes from your paycheck. This means the amount of income that your taxes are based on will be lower, so your tax liability will also be lower. Without an FSA, you would still pay for these expenses, but you would do so using money remaining in your paycheck after Federal (and often state and local) taxes are deducted. The following chart illustrates a typical tax savings example:

Annual Tax Savings Example	With FSA	Without FSA
If your taxable income is:	\$50,000	\$50,000
And you deposit this amount into a FSA:	\$ 2,000	-\$0-
Your taxable income is now:	\$48,000	\$50,000
Subtract Federal & Social Security taxes:	\$13,807	\$14,383
If you spend after-tax dollars for expenses:	-\$0-	\$ 2,000
Your real spendable income is:	\$34,193	\$33,617
Your tax savings:	\$576	-\$0-

Note: This example is intended to demonstrate a typical tax savings based on 27% Federal and 7.65% FICA taxes. Actual savings will vary based upon which retirement system you are enrolled in (CSRS or FERS), as well as your individual tax situation. In this example, the individual received \$2,000 in services for \$1,424, a discount of almost 36%! You may also wish to consult a tax professional for more information on the tax implications of an FSA.

- **Tax credits and deductions**

Health care expenses

You *cannot* claim expenses on your Federal income tax return if you receive reimbursement for them from your HCFSA or DCFSA. Below are some guidelines that may help you decide whether to participate in FSAFEDS.

The HCFSA is tax-free from the first dollar. In addition, you may be reimbursed from the HCFSA at any time during the year for expenses up to the annual amount you've elected to contribute.

Only health care expenses exceeding 7.5% of your adjusted gross income are eligible to be deducted on your Federal income tax return. Using the example listed in the above chart, only health care expenses exceeding \$3,700 (7.5% of \$50,000) would be eligible to be deducted on your Federal income tax return. In addition, money set aside through a HCFSA is also exempt from FICA taxes. This exception is not available on your Federal income tax return.

Dependent care expenses

The DCFSA generally allows many families to save more than they would with the Federal tax credit for dependent care expenses. Note that you may only be reimbursed from the DCFSA up to your current account balance. If you file a claim for more than your current balance, it will be held until additional payroll allotments have been added to your account.

Visit www.fsafeds.com and download the Dependent Care Tax Credit Worksheet from the Quick Links box to help you determine what is best for your situation. You may also wish to consult a tax professional for more details.

- **Does it cost me anything to participate in FSAFEDS?**

Probably not. While there is an administrative fee of \$4.00 per month for an HCFSA and 1.5% of the annual election for a DCFSA, most agencies have elected to pay these fees out of their share of employment tax savings. To be sure, check the [FSAFEDS.com](http://www.fsafeds.com) web site or call 1-877-FSAFEDS (372-3337). Also, remember that participating in FSAFEDS can cost you money if you don't spend your entire account balance by the end of the plan year and wind up forfeiting your end of year account balance, per the IRS "use-it-or-lose-it" rule.

The Federal Long Term Care Insurance Program

It's important protection

Here's why you should consider enrolling in the Federal Long Term Care Insurance Program:

- **FEHB plans do not cover the cost of long term care.** Also called "custodial care," long term care is help you receive when you need assistance performing activities of daily living – such as bathing or dressing yourself. This need can strike anyone at any age and the cost of care can be substantial.
- **The Federal Long Term Care Insurance Program can help protect you from the potentially high cost of long term care.** This coverage gives you control over the type of care you receive and where you receive it. It can also help you remain independent, so you won't have to worry about being a burden to your loved ones.
- **It's to your advantage to apply sooner rather than later.** Long term care insurance is something you must apply for, and pass a medical screening (called underwriting) in order to be enrolled. Certain medical conditions will prevent some people from being approved for coverage. By applying while you're in good health, you could avoid the risk of having a change in health disqualify you from obtaining coverage. Also, the younger you are when you apply, the lower your premiums.

- **You don't have to wait for an open season to apply.** The Federal Long Term Care Insurance Program accepts applications from eligible persons at any time. You will have to complete a full underwriting application, which asks a number of questions about your health. However, if you are a new or newly eligible employee, you (and your spouse, if applicable) have a limited opportunity to apply using the abbreviated underwriting application, which asks fewer questions. If you marry, your new spouse will also have a limited opportunity to apply using abbreviated underwriting. Qualified relatives are also eligible to apply with full underwriting.

2004 Rate Information for AmeriHealth HMO, Inc.

Non-Postal rates apply to most non-Postal enrollees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to career Postal Service employees. Most employees should refer to the FEHB Guide for United States Postal Service Employees, RI 70-2. Different postal rates apply and special FEHB guides are published for Postal Service Nurses, RI 70-2B; and for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN).

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable FEHB Guide.
